**Subject:** Endorsement Survey for the Proposed Statewide Guaranteed Applied Business Transfer Pathway

---

### Background

In June 2015, Section 3333.16(D) of the Ohio Revised Code was signed into law. This law requires the Chancellor of the Ohio Department of Higher Education to develop a process, by December 1, 2018, to establish statewide guaranteed transfer pathways from two-year to four-year degree programs in an equivalent field. In order to meet this charge, the Ohio Department of Higher Education has begun to convene faculty panels with representatives from Ohio's two- and four-year public institutions of higher education.

The Business faculty panel began its work on a pathway for Applied Business in Fall 2019. A focus group met in Fall 2019, the full panel met Spring 2020 and again in Spring 2021. The faculty panel, which was comprised of representatives of Ohio's public institutions of higher education, met in person as well as virtually and also worked through email to discuss, draft, and refine its proposal for the statewide pathway. Panel members were also tasked with facilitating discussion about the proposed pathway on their own campuses.

This pathway is structured differently than the Ohio Guaranteed Transfer Pathways that have been endorsed and implemented to date. Transfer and articulation of applied associate degrees into bachelor's degree programs can be challenging due to limitations of acceptance and application of technical credit. After considering multiple possible pathway structures, the panel settled on proposing the development of a guide that helps students understand the differences and decide between an Associate of Arts or Science in Business (which aligns to the existing Ohio Guaranteed Business Transfer Pathways) or an Associate of Applied Business (AAB) or Science (AAS), along with a directory of business-related bachelor's degree completion programs that would allow for more seamless transfer of applied business credits. This concept was shared with and supported by the Ohio Guaranteed Transfer Pathways Steering Committee.
